

EXCESS

Final conference *Graz, 6.11.2024*

Aim of this final conference is to present and discuss the large range of results and insights of the 5 years EXCESS project on Plus Energy Buildings. The results will be put in the current policy discourse that is moving towards Zero Emissions Building and Climate Neutral Cities. Target audience are academia, policy makers, practitioners and city officials.

Agenda:

10:30 – 12:00 Excursion to the Austrian Demo and presentation of the Climate Pioneer City Graz

- Site visit of the Austrian demo (Multifunctional facades in a former industrial area)
- Key Note onsite: Climate Pioneer City Graz – Austrian Partnership for Climate Neutral Cities 2030, *Christian Nussmueller, City of Graz*
